

# HEALTH, HEALING & RELIGION

## CONFERENCE

The theme of our third Health, Healing and Religion conference will be **"Filling the Empty Well: Self-care for Workers in the Caring Professions"**. We will be focusing on methods for creating space in our busy lives for healthy routines and practices. This conference is geared to those who work in the healing professions but would be of interest to anyone who is seeking that ever elusive "life-work balance".

**May 24-25, 2013**

Muskoka Campus  
Bracebridge, Ontario
